COURSE INFORMATION

This comprehensive retirement course is being offered free of charge at Thomas More University as a community service for those in the early stages of retirement and for those about to retire.

This course addresses difficult retirement topics such as Retirement Income Planning, Social Security Maximization Strategies, Tax Coordination, Estate Planning, Insurance, Medicare Options, Long Term Care, Investment Pitfalls, and Mistakes to Avoid Before and Throughout Retirement.

You will receive financial tools to help you better understand how to plan, budget, Social Security/Medicare guides, tax planning, estate planning, insurance options, investment strategies, risks, coordination, and who can best help.

You Will Learn:

- How to Think About and Better Understand Retirement.
- Why so many retirees are in **danger** of outliving their money and steps you can take to avoid it.
- The **truth** about annuities and what to be aware of.
- The two questions every pre-retiree or retiree wants to know and how to answer each.
- The sources of retirement income — including updates on Social Security — and how to build a solid retirement income plan of your own.
- Understanding the **risks** involved with different types of investments and how to allocate assets based on your personal risk tolerance.
- The rules, regulations and tax consequences of Qualified Plans (IRA, 401k 403b) and how to manage them.
- Getting your estate in order: understanding wills, trusts, probate and tax-efficient distribution to your heirs.
- Putting everything together so **coordinated**.
- Professionals available to help and key questions to ask.
- And Much More!

Who Should Attend?

- Individuals and couples between the ages of 50 and 70.
- Those concerned about our financial markets & wanting to prepare for the next recession.
- Investors looking for other perspectives or ideas.
- Baby Boomers, getting or already retired, looking for guidance based on recent academic research.

Why Now?

- Recent changes in the Tax Laws.
- Instability and continued volatility in the various markets necessitates action.
- Recent research indicates being more aware of the various approaches to retirement planning and how to coordinate could be beneficial.
- Understanding how to think about retirement can help lead you to a brighter future you can design and control
- You only get one shot at retirement. Make it Count.

Investment advisory services offered through Portfolio Medics, LLC a SEC-Registered Investment Advisor. Portfolio Medics does not provide legal or tax advice. Investment Advisor Representatives of Portfolio Medics may only conduct business with residents of the states and jurisdictions in which they are properly registered or exempt from registration requirements. This summary is for informational purposes only and shall not constitute advice, an offer to sell, or a solicitation of an offer to buy any securities and may not be relied upon in connection with any offer or sale of securities. The contents of this report should not be relied upon in making investment decisions. The accompanying performance statistics are based upon historical performance and are not indicative of future performance. Past performance is no guarantee of future performance or profitability. The types of investments discussed also do not represent all the securities purchased, sold or recommended for clients. Stated information is derived from proprietary and non-proprietary sources that have not been verified for accuracy or completeness. While the firm believes this information to be correct, we do not claim or have responsibility for its completeness, accuracy or reliability. Views expressed by Trulip Planning, LLC do not reflect the opinions of Portfolio Medics, LLC. The firm also assumes no duty to update any information in this presentation for subsequent changes of any kind. Securities transactions for Portfolio Medic clients are placed through TCA by E*TRADE, TD Ameritrade and Nationwide Advisory Solutions. Your investment advisor may recommend third-party money managers who utilize investment strategies designed to minimize portfolio volatility and reduce the risk of declines in account values. Like any other investment strategy, this approach entails risks, including the risk that client accounts can still lose value and the risk that a defensive position may, at any given point in time, prevent client accounts from appreciating in value. Insurance and annuity products are not sold through Portfolio Medics. Insurance and annuity products are sold separately through Trulip Planning, LLC. Portfolio Medics does not endorse any annuity or insurance products nor does it guarantee their performance. Owners of these products are subject to the terms and conditions of the policies and contracts of the issuing companies. All product guarantees depend on the insurance company's financial strength and claims-paying ability.

ABOUT YOUR COURSE INSTRUCTOR: CASEY CROYSDALE, CFP®

Casey Croysdale, CFP®

As a financial advisor with over 15 years of experience in the financial services industry and a degree in Finance from Miami University of Ohio, Casey believes in making an impact on people's financial lives.

Casey holds the industry recognized, CERTIFIED FINANCIAL PLANNER™ Designation for financial advice and planning, specializing in preparing and guiding each individual throughout the various financial life stages.

His passion for educating people and helping others is reflected in his ability to develop long-term relationships and in his services to his clients. He enjoys public speaking at educational events to best share stories on how proper, personalized guidance can lead to a brighter future that can be designed and achieved.

While a native Ohioan, Casey now resides in Northern Kentucky with his wife, Magen, and dog's, Lennon and Lucy. In his personal time, he enjoys being involved in multiple organizations, participating in various sports, and traveling whenever he gets the opportunity.
